

ALBI BERBERI

JR SOFTWARE ENGINEER

+355683658300 | TIRANA, AL | ALBIBERBERI456@YAHOO.COM | ALBI.BERBERI@CIT.EDU.AL | [LINKEDIN](#)

Objective

To transform theoretical knowledge into real-world applications. Seeking a new opportunity to enhance my critical thinking, bolster problem-solving skills and sharpen coding capabilities.

Skills & abilities

Great at building positive relationships with customers and colleagues. Proven capability to work under pressure, manage multiple tasks efficiently, and adapt quickly to new systems and processes. Demonstrate critical thinking, problem-solving, and organizational skills with keen attention to detail. Good knowledge of Office365, Python, HTML, CSS, and various development tools (NetBeans, Visual Studio, IntelliJ IDEA, Git, GitLab, Jira, Cisco Packet Tracer), alongside familiarity with SQL, C#, Java, JavaScript, and Kali Linux. Currently working on Flask. A fast learner with a solid foundation in technical fundamentals and a proactive approach to skill development.

Experience

ACTIVE WATCH SECURITY, POGRADEEC, AL

Security Operator | June 2022 – October 2022

- Worked with software programs such as IVMS 5200, IVMS 4200, and XProtect. My role included connecting programs to cameras, enabling observation and monitoring of workflow, thus ensuring high standards of safety and security.

GALIVEXLABS, REMOTE, FL, USA

Intern Developer | July 2023 – October 2023

- Contributed to the development of a mobile application for medical students. The Unity software was used to implement AR technology.

COMMUNICATION PROGRESS, TIRANA, AL

Intern Network Engineer | May 2024 – June 2024

- Entrusted with various tasks such as Network Configuration, Network Monitoring & Performance Analysis, Troubleshooting, Deadline Management, Network System Implementation and Understanding the Network Security Basics in Practice.

CHULA VISTA RESORT, WI, USA

Lifeguard- Seasonal J1 | July 2024 – October 2024

- Served as a lifeguard at Chula Vista Resort, ensuring guest safety and providing exceptional customer service during peak seasonal operations.
-
